WHAT THIS SHEET PRACTICES

SS1E3: describe how people are both producers and consumers. Ana is both in one day, and so is your child.

HOW TO USE IT IN 5 TO 10 MINUTES

Read box 1 aloud and ask, "Is Ana making something or buying something?" Your child circles the answer.

Do boxes 2 to 4 the same way. A quick rule: making, growing, selling, or doing a job means producer; buying or using means consumer.

For boxes 5 and 6, your child draws. A drawing of making a card for Grandma, feeding the dog, or eating lunch all count.

ANSWER KEY AND WHAT TO LOOK FOR

1: producer (she grows peanuts). 2: consumer (she buys boots).

3: consumer (she pays for the mechanic's service; the mechanic is the producer). 4: producer (she sells what she grew).

5 and 6: look for a match between the drawing and the label. Ask your child to tell you about it.

ONE QUESTION TO TALK ABOUT

"Who made the things you used today, and what did you make or do for someone else?"
